## GREYSTONE POWER CORPORATION

An Electric Membership Corporation

## LIGHTING Project

GREYSTONE IS HAPPY TO ANNOUNCE THE COMPLETION OF A MAJOR PROJECT. OVER THE PAST THREE YEARS, WE HAVE CHANGED ALL OUR OUTDOOR LIGHTS TO LEDs. THIS EFFICIENT FORM OF LIGHTING HAS BEEN A HIT WITH MEMBERS. THIS PROJECT WAS COMPLETED UNDER BUDGET AND MONTHS AHEAD OF SCHEDULE.

## HOLIDAY CLOSINGS

GREYSTONE WILL BE CLOSED ON THESE DATES IN OBSERVANCE OF THE FOLLOWING HOLIDAYS: DEC. 24 AND 27, CHRISTMAS; AND DEC. 31, NEW YEAR'S EVE. ENJOY THE HOLIDAYS!

## SAVING YOU MONEY

The past two years have been an economic roller coaster for many, and it's always good to have extra money on hand.

At GreyStone, we do all we can to help members save money. One way we do this is by being the lowest-priced electric membership cooperative in the state, according to the Public Service Commission's latest residential rate survey at [psc.ga.gov](http://psc.ga.gov), comparing winter rates at 1,000 kilowatt-hours.

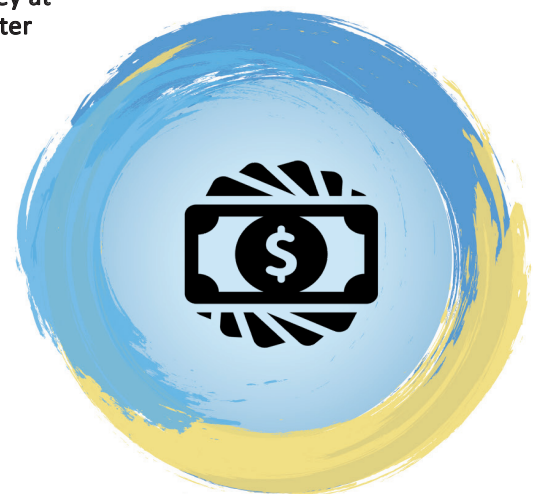

This is on top of providing a monthly Wallet Watch Credit. In 2021, members have received more than \$18 million in credits on their bills. GreyStone also gave \$8 million in capital credits to members this year. That is \$26 million in savings in 2021.

GreyStone doesn't stop there. Members save money by saving energy as well. That is why we offer so many items on the GreyStone Power Marketplace. You can purchase smart thermostats, LED lightbulbs, showerheads and more at a discount at [greystonepowermarketplace.com](http://greystonepowermarketplace.com).

One thermostat, the ecobee, includes enhanced energy savings with intelligent features for comfort when you're in the office or home, and savings when you're away. Ecobee claims it can save up to 23% annually on your heating and cooling costs.

In addition, members started enjoying lower winter rates in November.

Saving you money—now that is making life better.

Improving reliability every day.  
So, you can rest easy at night.

## You could win a \$1,000 bill credit

All members who sign up for e-billing (paperless billing), for the first time, by Dec. 31, 2021, will be entered for a chance to win a \$1,000 bill credit or a \$500 bill credit. Don't delay, sign up today!

## RESTORATION PROCESS

Step 1: Transmission Lines

Step 2: Substations

Step 3: Main Distribution Lines

Step 4: Tap Lines

When electricity is out, we do all we can to restore it as quickly as possible. GreyStone works around-the-clock during every outage to make that happen. But there are several priorities that can't be changed in order for the restoration process to work.
