GREYSTONE POWER CORPORATION

An Electric Membership Corporation

RELIABLE *Power*

YOUR COOPERATIVE IS FOCUSED ON PROVIDING THE MOST RELIABLE POWER POSSIBLE, FROM MAINTAINING OUR RIGHT-OF-WAY TO UPGRADING OUR OUTDOOR LIGHTS TO LEDs. WE ARE WORKING TO COMPLETE A BRAND-NEW SUBSTATION TO CONTINUE TO IMPROVE OUR ELECTRIC SYSTEM. RELIABLE POWER IS JUST ANOTHER WAY GREYSTONE IS MAKING LIFE BETTER.

SAFETY FOCUSED

AT GREYSTONE, WE ARE ALWAYS FOCUSED ON SAFETY; IT IS INGRAINED IN OUR CORPORATE CULTURE. OUR EMPLOYEES ARE ENCOURAGED TO FIND AND CORRECT HAZARDS. DURING A PANDEMIC, 2020 HAS CONTINUED TO BE A BENCHMARK YEAR IN SAFETY.

THE COOPERATIVE DIFFERENCE

If you have been a member of GreyStone for more than a few months, you have probably heard us talk about the cooperative difference in some form or fashion.

There is a reason we promote this way of doing business so much—it is entrenched in our DNA as a cooperative. Where other companies are worried about the bottom line, we are focused on making life better.

One big difference is that we follow the seven cooperative principles. In August and September, GreyStone was able to practice principle number six, cooperation among cooperatives.

When Hurricane Laura hit Louisiana, it caused mass devastation and created widespread power outages. That is when other electric co-ops made the call for help. Jeff Davis Electric Cooperative saw 100% of their members lose power.

When GreyStone received the request for assistance, our linemen jumped into action to help those in need, just as other co-ops have done for GreyStone when a natural disaster has struck in the past.

A total of 16 GreyStone linemen and 10 vehicles were sent initially to help with restoration efforts, and after a couple weeks, they were replaced with a new set of GreyStone volunteers. They faced a terrain that is not like our service area, navigating around canals and even alligators to get the power back on for those affected as quickly and safely as possible.

At GreyStone, we are proud of the work our linemen do every day. We are thankful for the sacrifices they make to help in a time when people need electricity most.

Money back ... again!

This month, GreyStone Power is returning capital credits of \$8 million. That brings the total returned this year to **\$23 MILLION!**

As a not-for-profit electric cooperative, capital credits are one more way GreyStone Power is **Making Life Better.**

capital credits of
\$ 8 MILLION
+ \$ 15 MILLION
= \$23 MILLION
