April 2023

## GREYSTONE POWER CORPORATION

*An Electric Membership Corporation*

## RELIABILITY *Business*

GREYSTONE IS IN THE RELIABILITY BUSINESS. THAT IS WHY WE CUT A RECORD 700 MILES OF RIGHT-OF-WAY IN 2022. BY MAINTAINING THE VEGETATION ALONG OUR LINES, WE ARE ABLE TO REDUCE THE CHANCES OF MEMBERS EXPERIENCING A POWER OUTAGE. WE ALSO UTILIZE STATE-OF-THE-ART SATELLITE TECHNOLOGY THAT HELPS US PINPOINT AREAS THAT NEED EXTRA ATTENTION.

## ECONOMIC DEVELOPMENT

GREYSTONE SUPPORTS ECONOMIC DEVELOPMENT. ONE WAY WE DO THIS IS BY PROVIDING ELECTRICITY TO LOCAL INDUSTRIES, WHICH HELPS PROVIDE JOBS. OUR NEWEST COMMERCIAL MEMBER IS EXPECTED TO BRING BETWEEN 600 TO 900 JOBS.

## LINEMAN APPRECIATION DAY

An integral part of any electric utility company is the employees who work there. One group of employees who make receiving electricity possible are GreyStone linemen.

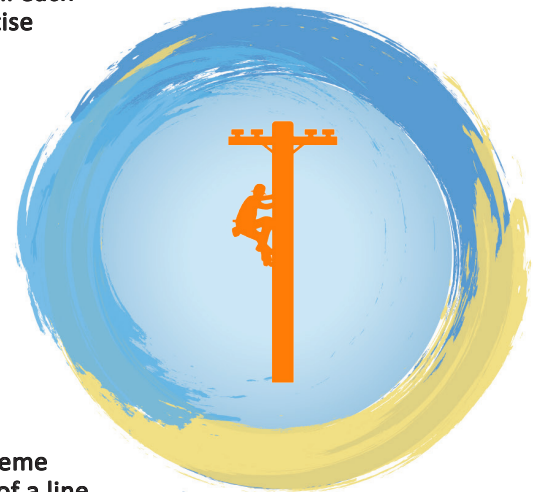

Monday, April 10, is the day across the United States when many celebrate Lineman Appreciation Day. GreyStone sets aside Lineman Appreciation Day on the second Monday of April each year to applaud the expertise and knowledge these employees bring to their jobs every day.

Their skills are critical when outages occur and power restoration is required. When other electric co-ops experience widespread outages, GreyStone sends linemen to assist with restoration work. During times of extreme weather events, the sight of a line truck driving down a road is a sign of hope.

"The vital job our linemen take on every day is something that we at GreyStone are proud of. Their commitment to keeping the lights on is commendable, and so we are glad to celebrate Lineman Appreciation Day," says David Johnson, vice president of operations.

Members can help our linemen work safely by keeping an eye out for those working near roadways. Georgia's Move Over Law says motorists traveling in the lane adjacent to the shoulder must move over one lane when possible or reduce the speed of their motor vehicle when approaching a stationary utility or emergency vehicle flashing yellow, amber, white, red or blue lights. Emergency vehicles of all types have been struck while parked beside Georgia highways, even while their emergency lights were flashing.

So, make sure that if you see a lineman this month, you thank them for what they do.
