## SUMMER HEAT

AS TEMPERATURES RISE, REMEMBER THAT HOME COOLING OFTEN MAKES UP A SIGNIFICANT PORTION OF YOUR ELECTRIC BILL. OUR EXPERTS RECOMMEND A THERMOSTAT SETTING OF 78 DEGREES FAHRENHEIT OR HIGHER DURING THE SUMMER. VISIT OUR WEBSITE TO LEARN MORE WAYS TO SAVE.

## OPERATION ROUND UP

Giving a few cents a month may not sound like something that can make a big impact, but when combined with the efforts of others in your community, that change adds up.

More than 28,000 of our GreyStone Power members choose to help their neighbors each month through our Operation Round Up program by rounding up their power bills to the next dollar. For example, if your bill is \$88.75, it would be rounded up to \$89, with 25 cents donated to Operation Round Up. On average, members give about \$6 a year.

These funds support local nonprofits, including Sweetwater Mission, S.H.A.R.E. House, Special Olympics, Warehouse of Hope, CASA of Douglas County, Helping Hands of Paulding County, Beyond the Front Porch and more.

Local students also benefit from Operation Round Up, as the funds contribute to annual scholarships. Five \$3,000 scholarships are awarded to GreyStone members or their children each year. Visit our website to learn more about the scholarship winners for 2023. In addition, two scholarships are allocated for technical college students. Visit [greystonepower.com/scholarships](http://greystonepower.com/scholarships) to learn more.

Since GreyStone started participating in Operation Round Up 25 years ago, members have donated more than \$6 million. Giving back to the communities we serve is one of GreyStone's guiding principles, and many members have joined us in that endeavor.

Do you want to see how your change can change lives? Sign up today to participate in Operation Round Up at [greystonepower.com/oru](http://greystonepower.com/oru).
