**GREYSTONE**  
POWER CORPORATION

*An Electric Membership Corporation*

## GENERATOR

## Safety

ELECTRIC GENERATORS CAN HELP YOU IN MANY WAYS DURING A POWER OUTAGE. THAT'S GOOD NEWS IN WINTER WHEN THE POTENTIAL FOR ICE AND SNOW RELATED OUTAGES RISES. VISIT [GREYSTONEPOWER.COM/SAFETY](http://GREYSTONEPOWER.COM/SAFETY) TO LEARN MORE ABOUT HOW TO USE YOUR GENERATOR SAFELY.

## AWARD WINNING

FULTON COUNTY DISTRICT 5 HONORED GREYSTONE POWER AS CORPORATE PARTNER OF THE YEAR FOR THE CO-OP'S CONTINUING SUPPORT OF THE COMMUNITY AT THE ANNUAL SECOND DISTRICT COMMUNITY AWARDS CEREMONIES.

## ENERGY EFFICIENCY SAVES \$\$\$

GreyStone members who own their homes and install an ENERGY STAR smart thermostat, or install an ENERGY STAR-rated heating/ventilation/air-conditioning (HVAC) system with a smart thermostat, are eligible to receive a \$100 rebate. Qualifying thermostats can be found on [energystar.gov](http://energystar.gov).

Smart thermostat technology enables you to remotely control your home's temperature via a tablet, smartphone or desktop using the home's Wi-Fi connection.

Additionally, some smart thermostats learn from your behaviors and begin to adjust settings to match your preferences and schedule. A smart thermostat may allow you to track outdoor weather conditions, energy trends in your home and monitor the effectiveness of your HVAC system. To learn more, visit [greystonepower.com/rebates](http://greystonepower.com/rebates).

You can also take advantage of free, on site home and commercial energy audits to help you save. The co-op's trained professionals provide residential and commercial members with expert energy efficiency advice to help save energy and money.

Specific answers can be found through online energy analysis and energy libraries. Members can find many energy saving tips and advice at [togetherwesave.com](http://togetherwesave.com)!

Through smart thermostats and energy audits, you can take control and better manage your energy use.

# YOUR Savings CONNECTION

GreyStone Power members have more cash in their wallets thanks to a recent \$12 million capital credits return.

That's in addition to having some of the lowest-priced electricity in the state — 21 percent\* lower than Georgia Power!

Energy savings matter, too. Qualifying members receive a \$100 rebate on a smart thermostat\*\* that helps manage heating and cooling costs.

**GreyStone Power**  
Your savings connection

\* According to the 2018 summer rate survey by the Georgia Public Service Commission. Based on the residential use of 1,000 kilowatt hours (kWh) per month.

\*\* Must be ENERGY STAR-rated.
