## A CHANCE TO WIN \$1,000!

Members have the chance to win \$1,000 from GreyStone Power!

From July 1 through Aug. 31, a GreyStone contest will award \$500 to one user of the GreyStone Power app and \$500 to a user of the GreyStone Outage Helper app, making you eligible to win up to \$1,000 if you have both apps!

Another winner will receive an Amazon Echo Show, valued at \$229.99, which features a 7-inch screen and dual 2-inch stereo speakers.

The GreyStone Power app can be used to pay a bill with just a few taps on your phone. It can also show your billing history, verify payments and display electricity use.

The GreyStone Outage Helper is for the rare times that members experience a power outage. Once the app is downloaded and the account is registered, you can report an outage, receive live restoration times and view an outage map.

Registration is only necessary the first time you use the GreyStone Outage Helper app, and then it is saved for future use. Also, make sure to allow push notifications, so your co-op can send restoration times.

Each app can be downloaded from the App Store and Google Play.

Download both apps today for your chance to win!
