

Are you ready to take action to reduce your energy costs?

We're here to help!

GREYSTONE POWER CORPORATION
Your Touchstone Energy® Cooperative

Having an energy audit does not guarantee lower bills, but our energy specialists can show you how to take action and better manage your energy consumption!

Free Residential Energy Audit!

GreyStone Power offers a residential energy audit for single-family homes at no charge! You, as a member of GreyStone Power, can receive a written report on the following:

- R-value of attic and floor insulation
- Window conditions
- Door conditions
- Air infiltration issues/thermal envelope
- HVAC filter condition
- Air infiltration issues/HVAC and air ducts

Use this free service to take action and increase the possibility of lower energy bills and improved comfort in your home!
