

Who saves GreyStone Power members money on their natural gas?

You're getting warmer
GAS SOUTH

The answer is Gas South and the reason is simple. **As a GreyStone Power member, you always receive a 2-cent per therm discount off Gas South's published rate plans — for as long as you remain a Gas South customer.**¹ Join thousands of GreyStone Power members who have already saved over \$400,000 with Gas South.^{*}

Switching to Gas South is simple! Your service won't be interrupted and you don't need to set up an appointment or contact your current gas provider. Visit **Gas-South.com/greystone** or call **1-866-563-8129**. Be sure to use **promo code 510** to get your discount. Already a Gas South customer? You can start saving today by enrolling your account in the program at **Gas-South.com/greystone** or calling and asking for your GreyStone Power discount.

¹ Pay-As-You-Go Program customers are not eligible for the GreyStone Power discount. This discount cannot be combined with any other discounts.
^{*} Based on \$ 02 per therm discount applied to the monthly number of GreyStone Power members on the program and using average consumption as published by the Georgia Public Service Commission from March 2006 - January 2011.

We're gone most of the day. Didn't make sense to cool an empty house. But now when we get home, it's comfortable, thanks to my programmable thermostat. I'm saving \$280* a year as a result. What can you do? Find out how the little changes add up at TogetherWeSave.com.

*Savings amount based on the national average.
