

GreyStone Power Membership Corporation Application for Photovoltaic Rebate Program

This application should be completed and returned to the Photovoltaic Rebate Program Manager (PM). The PM will review the rebate application and notify the member in writing whether the rebate application has been accepted and the rebate funding reserved for the member. **Members MUST NOT OPERATE their photovoltaic system in parallel with GreyStone Power's distribution system until they have received written authorization for parallel operation from GreyStone Power. Unauthorized parallel operation of member's photovoltaic system could result in injury to persons and/or damage to equipment or property.**

SECTION 1 - CONTACT INFORMATION
