GREYSTONE GIVES

One of the guiding principles of GreyStone Power is giving back to the communities we serve. This supports the cooperative principle of Concern for Community and is at the heart of everything that GreyStone does.

In the summer of 2018, the co-op expanded on that principle by creating GreyStone Gives, an employee community service initiative. The program allows GreyStone employees eight hours a year to volunteer with a 501(c)(3) charitable organization within its service area. Employees can volunteer on their own or through group coordinated events offered throughout the year. Group events are scheduled quarterly each year.

So far this year, GreyStone employees have collected school supplies for the Douglas County School System's school supply donation drive and helped clean up, paint and pressure-wash one of the S.H.A.R.E. House facilities. According to GreyStone Gives volunteer and Member Services Representative Ana Ventura, the program not only benefits the community, but also the employees who volunteer.

"GreyStone Gives helps create inclusion and build strong community bonds," says Ventura. "I enjoy the opportunity to learn valuable skills, get closer to co-workers and meet new people."

GreyStone is also gearing up for the annual Christmas Cards for Troops drive and signing. Employees come together to send cards to service members who cannot be home for the holiday season.
