## SUMMER Heat

AS TEMPERATURES GO UP, YOUR HVAC UNIT WORKS HARDER TO KEEP YOUR HOME COOL. GREYSTONE RECOMMENDS THAT MEMBERS SET THEIR THERMOSTATS TO 78 DEGREES IN THE SUMMER. THERMOSTATS SET BELOW 78 DEGREES CAN INCREASE ENERGY BILLS 3% TO 5% FOR EVERY DEGREE BELOW 78. REMEMBER, WHEN YOU SAVE ENERGY, YOU SAVE MONEY.

## DISCONNECTS RESUMING

GREYSTONE RESUMES DISCONNECTIONS FOR NONPAYMENT THIS MONTH. WE ARE LIFTING THE MORATORIUM ON SERVICE DISCONNECTIONS, WHICH SUSPENDED CUTOFFS FOR RESIDENTIAL MEMBERS, INCLUDING PREPAID MEMBERS, DURING THE COVID-19 PANDEMIC.

## OPERATION ROUND UP

Operation Round Up (ORU) is a great way for members to help other members. How, you may ask? Well, by simply rounding up your power bill to the nearest dollar you can fund nonprofits throughout GreyStone's service area.

Here's an example of how it works: If your power bill is \$77.50, you would round it up to \$78, and 50 cents would go to fund ORU.

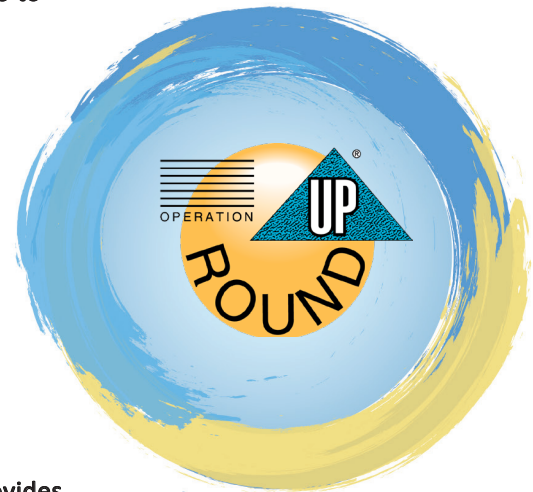

On average, each member who participates donates about \$6 a year. When you combine the generosity of all the 25,000-plus members currently enrolled in the program, the impact on our communities is great.

Not only does the money help nonprofits, it also provides scholarships. Five \$3,000 scholarships are awarded to GreyStone members or their children each year. Visit [greystonepower.com/scholarships](http://greystonepower.com/scholarships) to learn more.

Also, during the COVID-19 pandemic, the GreyStone Power Foundation, Inc., which oversees the ORU funds, donated to help nonprofits provide relief in the communities GreyStone serves.

Since GreyStone started participating in Operation Round Up in 1998, members have donated a little more than \$6 million. Just think of the impact \$6 million has had in our community. This effect could be even greater, because the more members who sign up, the more people that can be helped. So, what are you waiting for?

It is easy. Sign up today at [greystonepower.com/oru](http://greystonepower.com/oru). Just think how your change can change lives.
