FILTEREASY

WITH THE SUMMER MONTHS UPON US, NOW IS THE PERFECT TIME TO CHANGE YOUR AIR FILTER. VISIT FILTEREASY.COM/GREYSTONE TO LEARN HOW YOU CAN HAVE YOUR FILTERS DELIVERED DIRECTLY TO YOUR DOOR.

GREYSTONE MOBILE APPS

Everyone likes convenience—it just makes life better. In day-to-day life people look to find ways to be more productive and cut down on wasted time. One tool that has changed daily life is the smartphone. The Pew Research Center has found that nearly 77 percent of Americans have smartphones. Knowing this fact, and with a focus on making life better, GreyStone Power has generated two mobile apps to fit members' needs.

First is the GreyStone Power App, which can be used to pay a bill with just a few taps on your phone. Not only that, it can also show bill history, verify payments and display electricity use. All this convenience directly on your phone.

The second app is the GreyStone Outage Helper. This app is for those rare times members experience a power outage. Once the app is downloaded and the account is registered, you can report an outage, receive live restoration times and view an outage map. Registration is only necessary the first time you use the app, and then it is saved for future use. Also, make sure to allow push notifications, so GreyStone can send restoration times.

With these two apps members can stay connected to the cooperative they own. So, what are you waiting for? Download the apps on all your devices today. They are both available in the App Store and on Google Play. Just search for GreyStone Power.

For more information about both apps, and links to download them, visit greystonepower.com/mobileapps.
