ENERGY *Savings*

HEATING AND COOLING ARE TYPICALLY THE BIGGEST CONTRIBUTORS TO HOME ENERGY COSTS, ESPECIALLY IN WINTER. GREYSTONE RECOMMENDS SETTING YOUR THERMOSTAT TO 68 DEGREES DURING THE WINTER MONTHS TO HELP MANAGE EXPENSES. CAULKING AND WEATHER-STRIPPING DRAFTY WINDOWS AND DOORS IS ANOTHER WAY TO KEEP WARMTH AND YOUR ENERGY DOLLARS FROM ESCAPING DURING COLDER MONTHS.

PAYMENT KIOSKS

GREYSTONE OFFERS MORE THAN A DOZEN PAYMENT KIOSKS THROUGHOUT THE SERVICE AREA. THIS FEE-FREE PAYMENT METHOD IS A CONVENIENT WAY TO PAY YOUR BILLS. FOR THE COMPREHENSIVE LIST OF LOCATIONS, PLEASE VISIT GREYSTONEPOWER.COM/PAYMENTKIOSKS.

GREYSTONE MARKETPLACE

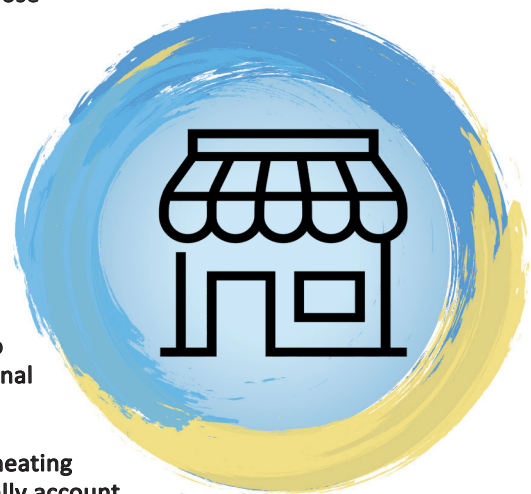

GreyStone is dedicated to helping you save energy, which also helps you save money. Visit the GreyStone Power Marketplace, your one-stop shop for energy-efficient products designed to make your home smarter and more efficient. The Marketplace offers a wide selection of items, including smart thermostats, smart lighting, EV chargers and much more. You'll also find helpful FAQs, compatibility guides and blog articles to help you choose the right products for your home.

When you shop through the Marketplace, you can take advantage of exclusive discounts and instant rebates on qualifying products. Throughout the year, GreyStone also offers seasonal sales, so be sure to check back often for additional savings.

During the winter months, heating your home and water typically account for the largest portion of your energy bill. In fact, heating and cooling can make up more than 50% of a home's total energy use, making them key areas to focus on when looking to lower monthly electricity costs.

Regular maintenance of your heating and cooling system, along with reducing water use, can significantly improve efficiency during colder months. The Marketplace features a variety of water-saving products that help reduce hot water use and energy consumption without compromising performance.

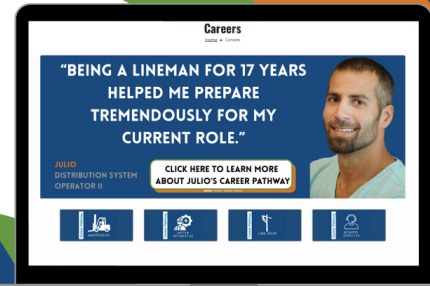

For added convenience, Marketplace purchases can be shipped directly to your home, and GreyStone offers an easy, hassle-free return process if you're not fully satisfied (certain exclusions apply). Learn more at greystonepowermarketplace.com.
