## GREYSTONE MARKETPLACE

GreyStone Power is here for our members. We strive to help you with your energy efficiency goals. Our newest way to do that is with the launch of the GreyStone Marketplace.

Shopping for energy-saving products can be daunting. That's why we are starting the Marketplace. It is expected to launch soon. Here members will find a resource to help navigate energy-saving purchases.

The GreyStone Marketplace is an online store that facilitates the purchase of energy-saving products while offering instant rebates for certain products.

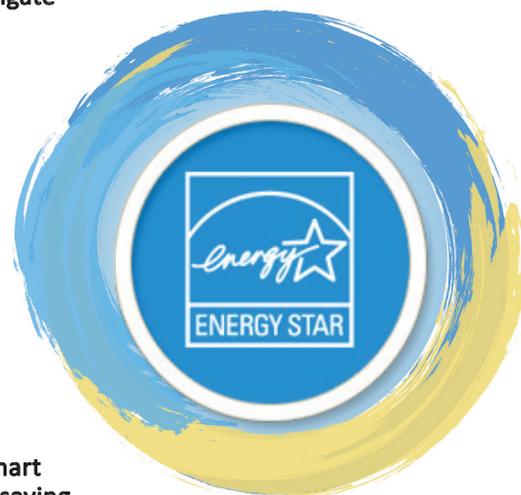

Items in the Marketplace will include ENERGY STAR-rated smart thermostats, lightbulbs, smart home products and water-saving devices such as low-flow showerheads.

Think about it this way, these products have the ability to help you reduce your energy use. Reducing energy use will lower your power bill, which means more money in your pocket. Members also save money on the product they are purchasing. That is a lot of savings by being more energy-efficient.

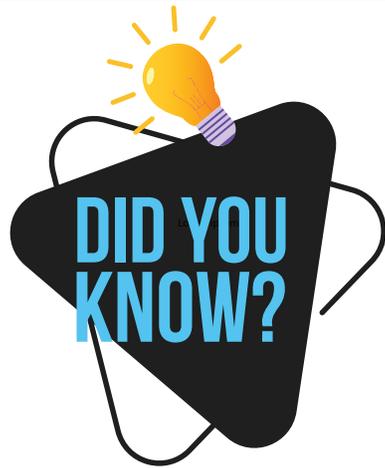

"The GreyStone Marketplace gives members the ability to actively affect their energy use by purchasing energy-efficient items at a reduced price," says Drew Hook, manager of Energy Services.

Products can be purchased directly from the Marketplace website and be shipped directly to members' homes.

Certain items sold in the Marketplace to our residential members will be available for instant rebates. Some stipulations may apply. Visit [greystonepower.com](http://greystonepower.com) to learn more about the GreyStone Marketplace.

VISIT US AT [WWW.GREYSTONEPOWER.COM](http://WWW.GREYSTONEPOWER.COM) TO LEARN MORE!

GreyStone offers multiple convenience fee-free options to pay your bill:

- Payment kiosks
- Bank draft
- Recurring credit or debt card draft
